## REPORT OF SUPERINTENDENT OF SCHOOLS.

*To the Superintending School Committee and Citizens of the Town of Greenwood:*

I herewith submit my second annual report of the schools and school property of this town.

Schools opened for the fall term with the following corps of teachers: Locke Mills Grammar, Miss Louvie Peabody; Primary, Miss Gladys Salls; Bryant's Pond, Miss Maude Salls; Shadagee, Miss Mary Martin; Greenwood City, Mrs. Colista Morgan; Patch Mountain, Miss Sylvia Morgan; Tubbs, Mrs. Evelyn Taminen; Irish, Miss Charlotte Cole; Richardson Hollow, Miss Beulah Burris. At the close of the second week of the winter term, Mrs. Taminen resigned and Mrs. Floubel Nevens was secured to fill the vacancy. Six of the above teachers attended summer school during the past summer. Four of the teachers have had no previous experience, but all have shown a fine spirit of coöperation in trying to maintain a high standard in their schools.

Our registration for the fall term was 148; average attendance, 133. The school census comprises 229 pupils.

Grade registration was as follows:

	<i>Boys</i>	<i>Girls</i>	<i>Total</i>
Grade I,	13	8	21
Grade II,	12	7	19
Grade III,	9	13	22
Grade IV,	11	13	24
Grade V,	8	8	16
Grade VI,	9	6	15
Grade VII,	7	9	16
Grade VIII,	7	8	15

The cost of education per pupil for the year 1930 was \$45.26; number of pupils conveyed, ten.

Excepting in a few cases, the attendance in the fall term was very good. The parents should remember that the amount

of benefit derived by the child depends largely upon the interest taken in his school work, and it is difficult to retain this interest on the part of any pupil who is irregular in his attendance.

This year the town has had the benefit of the services of the County Nurse, Miss Ruth Woodward, for the first time. She visits the schools at least twice a year and examines the children physically in regard to tonsils, adenoids, eyesight, etc. A card system is maintained so that the condition of each child can be ascertained from year to year from the records on file. Her personal visits to some of the homes and her advice and suggestions have been of great benefit to the schools.

At the present time, we have 33 students in high school, as follows: Gould Academy, 3; Woodstock High School, 24; West Paris High School, 6. Class enrollment: Seniors, 5; Juniors, 5; Sophomores, 15; Freshmen, 8. It is pleasing to note the number of pupils who are availing themselves of the opportunity to attend high school. This indicates the attitude of the parents toward higher education.

Most of the textbooks are in fairly good condition, but the schools need new Arithmetics for the lower grades and some reading matter. Maps have been purchased for all of the schools, and most of the schools have been provided with reference books by the school leagues. During the winter term, the teachers try to serve something hot each day for the noon lunch.

The school buildings are in very good condition. Storm windows have been bought for the Greenwood City school. The roof of the Locke Mills schoolhouse has been shingled and the chimney repaired. The woodshed at this schoolhouse should be enlarged as the present building holds only four cords of wood. It takes twelve or more cords to last through the year so that two-thirds of the wood is not housed for a good part of the winter. Only a few minor repairs will be needed on the other schoolhouses.

The Superintending School Committee decided that all the rural schools should have three terms of the same number of weeks as the village schools, instead of two long terms, as

they have had in the past. By this plan all schools in town open and close on the same date. In making this change, the financial statement reports only 33 weeks paid instead of 36. This means that after the extra three weeks' salaries are paid, there is only a small balance in the common school account.

The Commissioner of Education has notified the superintendents that all cities and towns of the State will receive at least 6% less money from the State School Fund the coming year. Therefore, it will be necessary for the town to raise \$300.00 more for common school purposes than in previous years.

In conclusion, I wish to express my appreciation to the Superintending School Committee, teachers, town officers, and citizens for their hearty coöperation and support.

Respectfully submitted,

E. R. BOWDOIN,  
*Superintendent of Schools.*
